Profile

A driven and self-motivated IT undergraduate with a passion for tackling challenges and delivering impactful solutions. A responsible team player with strong leadership qualities, adaptable to diverse tasks, and committed to meeting deadlines. Seeking a Software Engineer Intern role to contribute to innovative software projects and explore emerging technologies in Information Technology.

Education

05/2023 – Present	Bsc.(Hons) in Information Technology University Of Moratuwa
2021	G.C.E Advanced Levels Examination - Physical Science Stream Richmond College Galle 2A1B
2017	G.C.E Ordinary Levels Examination - English Medium Richmond College Galle A9

Technical Skills

Programming Languages JavaScript, TypeScript, C, C++, Java, Python	Database MYSQL, PostgreSQL , Firebase , MongoDB	Web development React, HTML5, TypeScript, Tailwind CSS, Springboot, Chackra UI, Nodejs, DotNet
Mobile Development React Native	Tools and Platforms Git, Figma, Postman, ClickUp	

Projects

06/2024 – 06/2025	PointEdge Cross Platform POS System Contributed to PointEdge, a POS system for retail businesses featuring role-based authentication, inventory, customer, and payment management. Focused on the Shift Management module, designing and managing data workflows for scheduling, real-time attendance, and reporting. Ensured data accuracy, supported backend integration, and collaborated in an Agile Scrum environment with version control. Tech Stack : React Spring Boot MySQL GitHub Figma ClickUp
08/2025 – Present	RentNow Vehicle Renting Mobile Application Developing the admin web application for a vehicle rental system by designing and managing data workflows for booking management, user authentication, and real time updates. Developing and maintaining data pipelines to support rental analytics, user management, and vehicle tracking. Enabling accurate tracking of bookings, rental history, and payment calculations. Ensuring data consistency, integrity, and seamless integration between frontend dashboards and backend services for a streamlined admin experience. Tech Stack : React Native React Nodejs Firebase Tailwind CSS Figma

09/2025 – Present

Paper Maker

Developed a web application for generating exam papers by selecting past and model questions through a drag-and-drop interface. Specifically responsible for designing and managing data workflows to handle questions uploaded by the admin, ensuring data accuracy and consistency. Implemented dynamic paper assembly with exportable output, enabling educators to quickly create customized assessments while maintaining reliable and structured data management.

Tech Stack : React | Tailwind CSS | DotNet | Cloudinary| Supabase

09/2025 – 10/2025

Web Highlighter and Saver

Chrome Extension

Developed a Chrome extension to highlight and save text from web pages, managing data workflows to ensure accurate storage, retrieval, and deletion of highlights while maintaining data integrity for efficient access and reporting.

Tech Stack : HTML | Javascript | CSS | Chrome Extension APIs | Node.js | Express.js

06/2023 – 06/2024

Solo Runner

Self-Training Running Track System

Built a mobile-responsive web app integrating ESP32-CAM and LDR sensors for automated race capture. Enabled real-time Firebase sync with secure remote access, interactive playback, and performance graphs to enhance athlete training.

Tech Stack : HTML | CSS | JavaScript | C++ | Firebase

Extra-curricular activities & volunteering

Member of,

Schools Cricket team
Athletics team

Teaching Volunteer,

Sansaka Sansadaya, Galle District.
Rotaract Club, University of Moratuwa.

Member of the leo club

Richmond College.

Soft Skills

- Leadership skills
- Team work
- Adaptability
- Communication Skills
- Time Management
- Problem Solving

Languages : Sinhala(native) , English

Acheivements & participations

CodeX Hackerrank Competition(2025)

Organized by CSE - University of Moratuwa
Participants

FIT CodeRush (2025)

Organized by INTECS - University of Moratuwa
Participants
